WHEREAS, the Federal Government does propose to establish Wilderness Areas on the Leonard Canyon and Cheylon Canyon areas, and

WHEREAS, the establishment of such Wilderness Areas would most assuredly terminate multiple use of the land, a principle with which we have learned to live, and

WHEREAS, recreation within these areas will be limited to those people physically able to walk or those financially able to afford the means of transportation within the areas as prescribed, and many aged or handicapped persons will be unable to enter these areas, and

WHEREAS, the fire danger will greatly increase within the proposed Wilderness Areas due to the dense undergrowth of brush and other vegetation which will develop, and

WHEREAS, the repair and maintenance of watering tanks and facilities for domestic animals and wildlife will be hindered due to the restrictions placed upon the needed mechanical equipment entering the Wildlife Areas.

NOW, THEREFORE, BE IT RESOLVED, that the Navajo County Board of Supervisors is opposed to the establishment of Wilderness Areas on Leonard Canyon and Cheylon Canyon.

Approved this 25th day of April 1972.
